

Rolls-Royce ghost Series II arrives in India

Mumbai, Rolls-Royce Motor Cars' latest evolution of its most popular nameplate in history, Ghost Series II, is now available in India. A powerful, driver-oriented and elegant rendition, the subtle evolution of Ghost's monolithic and self-assured external appearance serves as a potent stage for Bespoke commissions. To extend their choices, clients now have access to interior finishes and features never previously available on Ghost, as well as advanced software technologies that see Bespoke enter the digital world.

"Our clients truly appreciate Ghost's handling capabilities and its potential for Bespoke. Ghost Series II remains faithful to its principles, yet it elevates every aspect of its presence. It is the most technologically advanced and driver-focused V12 Rolls-Royce ever created and its self-assured appearance serves as a potent stage for creatively daring commissions – making it the perfect driver-focused touring machine.

The marque reaffirmed its position as a highly desirable luxury brand in India, with the market expanding by almost a-third in 2024. With Ghost Series II now available in India, I believe clients will be excited to create ever more ambitious and valuable motor cars," told Irene Nikkein, Regional Director Asia-Pacific, Rolls-Royce Motor Cars.

Ghost is one of the most important Rolls-Royce motor cars of the Goodwood era. The first generation was introduced in 2009 to meet the needs of what was then a completely new category of luxury consumer. These clients, who were predominantly younger than those the marque had spoken to with its initial motor car, Phantom, requested a more approachable and versatile model.

Business Brief III

Ola Electric redefines the motorcycling segment with its all-new Roadster X series

Bengaluru, Ola Electric, India's largest pure-play EV company, today announced its entry into the EV motorcycle segment with the launch of its Roadster X series to redefine motorcycling with impressive performance and a thrilling riding experience. Built on the company's scalable motorcycle platform, the all-new Roadster X series is being introduced starting at Rs. 74,999 for the Roadster X, Rs. 1,04,999 for the Roadster X+ 4.5kWh, and Rs. 1,54,999 for the Roadster X+ 9.1kWh (with 4680 Bharat Cell) that offers an unrivalled range of 501 km/charge. Bhavish Aggarwal, Chairman & Managing Director of Ola Electric, said, "Motorcycles are at the heart of India's mobility landscape. With our electric motorcycles, we're driving the EV revolution deeper into the core of Indian mobility. After transforming the scooter market and making EVs mainstream, our futuristic Roadster series of motorcycles is here to accelerate the EV adoption further and make electric the first choice for every rider in India. The Roadster series will transform urban and rural mobility alike and take us closer to #EndICEAge, bringing in unmatched range, performance, reliability, efficiency, and technology. There can't be a better time to join the revolution."

HSBC MF launches HSBC Financial Services Fund

Mumbai, HSBC Mutual Fund today announced the launch of the HSBC Financial Services Fund, an open-ended equity scheme investing in the financial services sector. The New Fund Offer (NFO) opens on February 6, 2025, and closes on February 20, 2025. The financial services sector plays a crucial role in economic growth and development of the country. Driven by increasing financial inclusion, digitalisation, and supportive regulatory policies along with the shift towards Indian households channelizing their savings into financial assets, has meant that the sector is on a growth trajectory. The HSBC Financial Services Fund aims to capitalise on the growth opportunities and potential of the financial services sector. Venugopal Manghat, CIO-Equity, HSBC Mutual fund, said, "Our investment approach is aimed at delivering long term alpha through an equity investment process comprising apt stock selection, diligent analysis of companies and portfolio creation and monitoring."

S.Korea's foreign reserves hit 5-year low in January amid weak won

Seoul, Feb 5 (ANS) South Korea's foreign reserves fell from a month earlier to reach the lowest level in nearly five years amid the weak local currency, central bank data showed on Wednesday. The country's foreign reserves had come to \$411.01 billion as of end-January, down \$4.59 billion from a month earlier, according to the data from the Bank of Korea (BOK), reports Yonhap news agency. It was the lowest level since June 2020, when the figure came to \$410.7 billion, and January's reading marked the sharpest decline since April 2024. The decrease was attributable to financial authorities' responses to the volatility in the foreign exchange market. The local currency dropped to the lowest level in nearly 16 years, falling below 1,460 won against the U.S. dollar in December.

Global capability centres in India to generate 10 lakh jobs by 2030

New Delhi, Feb 5 (ANS) India is leading the global capability centre (GCC) race and GCCs are expected to generate 10 lakh jobs in the country in the next six years, a report showed on Wednesday. According to the report, the Indian GCC ecosystem is expected to create 4.25-4.5 lakh new jobs this year, with 35 per cent of GCCs eyeing 50-100 per cent workforce expansion. Fuelled by its vast skilled workforce and supportive policies, India has emerged as the top GCC destination. Overall, the sector is expected to employ 3.3 million professionals by 2030, according to NLS Services, a leading global technology and digital talent solutions provider. The report highlighted rising demand for entry-level talent across GCCs, especially across skills like customer experience and support services (17 per cent), cybersecurity and data protection (17 per cent), digital transformation and automation (14 per cent), GCCs across Bengaluru, Mumbai, Pune and Chennai are poised to drive the demand for freshers in the sector. Signalling commitment to future-ready workforces and equipping youth for next-gen innovation, 42 per cent of GCCs are likely to bolster their workforce with a significant 50 per cent surge by 2030, the report mentioned.
